

9th November 2017

Dear Danielle (MSC Secretary),

It is with great regret that as chairman of the Millwall Supporters' Club (MSC), I have been left with no choice but to call an Extraordinary General Meeting (EGM).

The reason for this, is the decision made by the board of Millwall Football Club at their recent board meeting, that the £1 income that we have received from the sale of season tickets and memberships is to be taken away from us and placed into a supporters/fan engagement pot where anyone can apply through the Fan on the Board (FOTB) alone for funds.

This not only changes the way Millwall Supporters' Club operates, it changes its whole concept and meaning.

Therefore, after agreement out our recent committee meeting, I am proposing an EGM to dissolve the MSC and its constitution.

I have set a date for this EGM, which in accordance with our constitution, is no later than 21 days from this notice. That date is Tuesday 28th November 2017.

From this position, we hope a new MSC and constitution with new aims and objectives operating under a new structure can all be put into place by the time the next official AGM is due, which is next April.

I hope this can be achieved so that once again a good working partnership can be formed between the supporters' club, fan on the board and the football club that leads to mutual respect and appreciation of one another.

Having been on this committee for 11 years, since I became chairman I have seen the MSC unprecedentedly challenged like never before. It has been an extremely difficult time for me personally but I am determined to do what I believe is the right thing and see this through to a conclusion that will hopefully be the best for Millwall Football Club and, even more importantly, ALL of us MILLWALL FANS.

Yours sincerely,

Ted Robinson

MSC chairman
